Once In Time-True Witness

Awaken Music

"True Witness is an adult contemporary Christian band from New York that poses questions, discusses faith, and sings of a greater love. Songs like, How Love Lit the Full Moon, and Not Too Late, describe the beauty of creation through metaphor and experience - the tangible essence of God's creation at work here and now."

"Their music teeters back and forth between Americana and Adult Contemporary. From tracks like On High utilizing tight harmonies and more driving guitars, to Bridge, a piano led track."
